

CORONAVIRUS AND YOUR CHILD WHAT YOU NEED TO KNOW

Symptoms of coronavirus (Covid 19)

High temperature

New, continuous cough

Loss or change to sense of smell or taste

If your child or someone in your household has possible symptoms of Covid 19

If your child develops symptoms at school or at home, or someone else in your household develops symptoms

Tell school and arrange a test for your child or the affected person

Begin isolation

Other children in your child's bubble stay at school

When you get the test results

If test result is **POSITIVE**

Tell the school straight away

Continue isolation

Other children in your child's bubble start isolation

Your child can return to school

If test result is **NEGATIVE**

Tell the school straight away

Your child should return to school when well

School staff will work closely with Public Health England to inform you of any possible or confirmed cases of coronavirus at the school and whether all or part of the school needs to close.

Testing

Ask for a test at [nhs.uk/coronavirus](https://www.nhs.uk/coronavirus) or call 119

How to self-isolate

Person with symptoms: Isolate for 10 days from when you first noticed symptoms.

Householder members: Isolate for 14 days, unless a test result comes back negative.
