

Dear Parent/Carer,

Year 8 Parent Progress Communication – 11th January to 15th January 2021

Unfortunately, due to Covid-19 restrictions forced upon the school, we are unable to host parents' evenings in the usual way that we have done previously. This year, in place of a traditional parents' evening, there will be a one week window when teachers will call the parents or carers of students with whom they feel they need to make additional contact. If there are no concerns with your child's academic progress you may not be contacted.

It has always been school policy that parents or carers who wish to speak to their child's teacher can contact them through the school's office email address at any point during the year. This remains the case. Equally, teachers have always called home throughout the year to discuss matters related to your child and they will continue to do this.

All other reporting procedures to parents and carers remain unchanged. These include your child's written report and reports around attainment.

Yours sincerely,

Mr M Evans

Vice Principal
